

Through communication and dialogue, people are
connected and developed

employee life-cycle digitally

Employee management,
made easy, simple and fast

Focus on what matters.

Your employees, by leading,
motivating and inspiring them and
let people connect handle the rest.

modern effective productive

Just a few clicks do
the trick.

Leave your routine tasks in the
dust. Create, assign, get
notifications, and more in one
minute flat. Eliminate human
error, focus on the work that
matters and stop worrying
about whether something is
updated or not.

take the lead

We love to do the work you
hate

Don't spend time on manual
work. Let us do it for you. Making
sure you don't miss critical steps
and deliver value faster with
automation.

Security

Rest easy knowing
privacy and security
has been built into the
fabric with multi-step
authentication support,
TLS and SSL to encrypt
connections and AES
256 bit for content
encryption.

GDPR

Stay compliant and get
effective. Forget
deletion of personal
data.
Data is archived and
anonymized
automatically. Easily
manage the different
periods for content
types and categories.

Logging

If it happen here, we
know it too. Everything
initiated by user or
system are logged and
can easily be traced.

Automation

Leave the routine work
to the robots. Auto
create cases for
collaboration or forms
and letters and get
notified for your
approval or rejection.

Integration

Integrate with master
data and workforce
management sources,
enable automation that
saves you many hours.

Translation

Translate everything
from field labels,
buttons to forms, letters
s and contracts, through
an intuitive and easy to
use interface. Language
specific communication
with each employee.

here there everywhere

Manage all your employees
digitally and effectively

Get more sales hours in stores. Remove
the impediments with manual work
and create efficient workflows and
automations. Convert ineffective hours
to effective hours.

Contracts

Pick suitable contract, get pre-filled data from master data and work force management, add optional static text, send for preview and sign.

Letters

Create both none signable and signable letters, with beautiful business header and add SMS for your important letters, notifying the recipient

Forms

Get all your employee forms unified and digitized, working in a streamlined work flow.

Maternity

Timeline view of your employee's maternity or paternity, with notifications when to schedule talks, automation of absence hours to WFM and employee information's.

Cases

Collaborate with others and have everything in one place. Assign, share, lock for privacy and use forms and letters in a case.

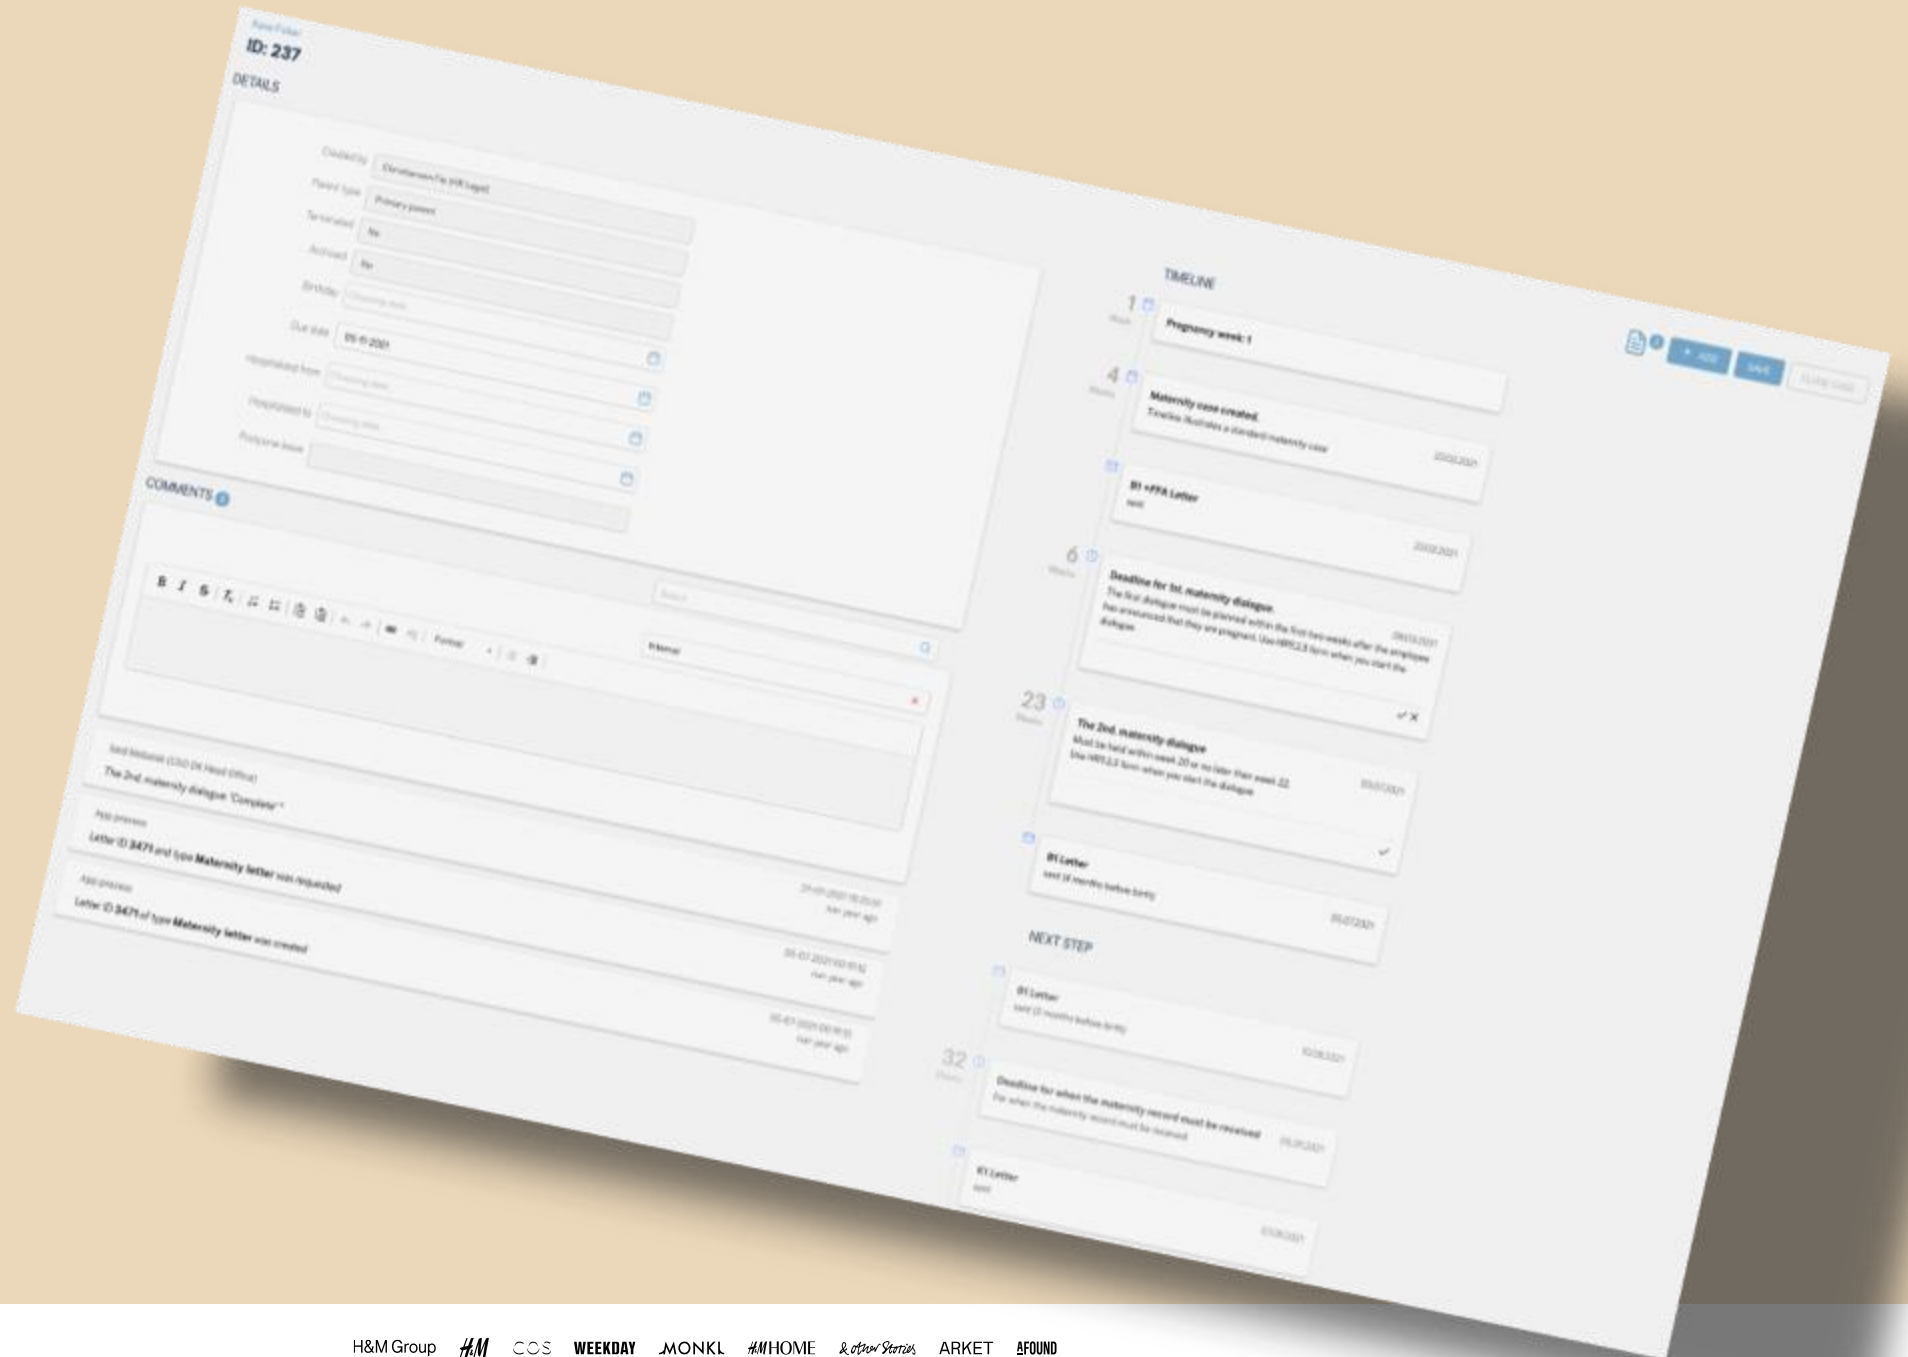

Dialogue

Schedule, prepare and have the talk. Create and share development plan, summary and schedule follow-ups. Get and overview of the progress on department, brand or organisation level.

flexible visible beautiful

The smarter way to
workflow

How can we give you more
time to focus on what
matters? That question
grounds everything we do.

elegant in every detail

Unleash the power and
opportunities with digitisation

Inspired by the power and value of business
tech, we make the world of work, work
better.

Clean & Focused

We don't want to be a
solution that does many
things, but masters none.
We only focus on the most
important features.

Always improving

We are shaped by our users.
And love your feedback.
Therefore, we are always
exciting to ship something
cool for you to discover in our
new updates.

Performance

A web app that eliminates
needless complexity &
extraneous details so you can
be up and running fast.

Smart

Digital workflows are the
building blocks of modern
experience that employees
want, and organisations
need. Let us make work –
work better.

KEEP IT SIMPLE
CONSTANT IMPROVEMENT

create sign send

Create digital employee forms,
contracts and letters

Reduce the time and effort it takes
to manage employee documents.
Now you can spend more time
doing the work you do best.

The image displays two overlapping screenshots of a digital form creation interface. The top screenshot, titled "fie test 2 CREATE FORM SOLEMN DECLARATION", shows a progress bar with three steps: "1 Choose form" (checked), "2 Fill out form" (active), and "3 Preview and send". Below the progress bar, there is a "Name" field with the value "fie test 2". The bottom screenshot, titled "fie test 2 BROWSE FORM HR8.2.1 SOLEMN DECLARATION", shows a progress bar with three steps: "1 Choose form" (checked), "2 Fill out form" (checked), and "3 Preview and send" (active). The main content area is titled "TRO OG LOVE-ERKLÆRING" and contains a table with employee and manager information, a section for "Punkt A: Jeg har været fraværende fra arbejdet i forbindelse med:", and digital signatures for both the manager and the employee.

Medarbejderens navn	Afdeling/butik	Dato for samtale
fie test 2	H&M test afdeling	17-07-2020
Lederens navn Christiansen Fie (HR Legal)	Lønnummer 0000	

Denne erklæring udfyldes af medarbejderen som fraværsdokumentation i forbindelse med sygdom, arbejdsskade, graviditet, barns sygdom eller graviditetsundersøgelse. Udfyld kun de relevante punkter på erklæringen.

Punkt A: Jeg har været fraværende fra arbejdet i forbindelse med:

Årsag til fraværet: Sygdom

Medarbejderen har været fraværende fra den 13-07-2020 til og med den 29-07-2020.

Erklæringen udfyldes og underskrives under ansvar efter Straffelovens § 279 om bedrageri. Det er strafbart at angive sygdom, arbejdsskade, graviditet eller nødvendig graviditetsundersøgelse i arbejdstiden som årsag til fraværet, hvis dette skyldes andre forhold.

Medarbejderen underskriver denne blanket som dokumentation for fraværet og en kopi sendes samtidig til medarbejderens e-mail.

contract form letter

Behind every great experience is a
great workflow

Automation

Automation guarantees that repetitive signature processes are performed smoothly and faster.

Overview

Get an overview and follow the progress of documents that are filled in, in preview, signed or completed.

Notification

Get notified if documents are created but never signed, send or completed. Employees will be notified when documents wait their signature

Signature

Digitally signing, with different signee types leader, employee or witness. Unique hash signature is visible on signed document.

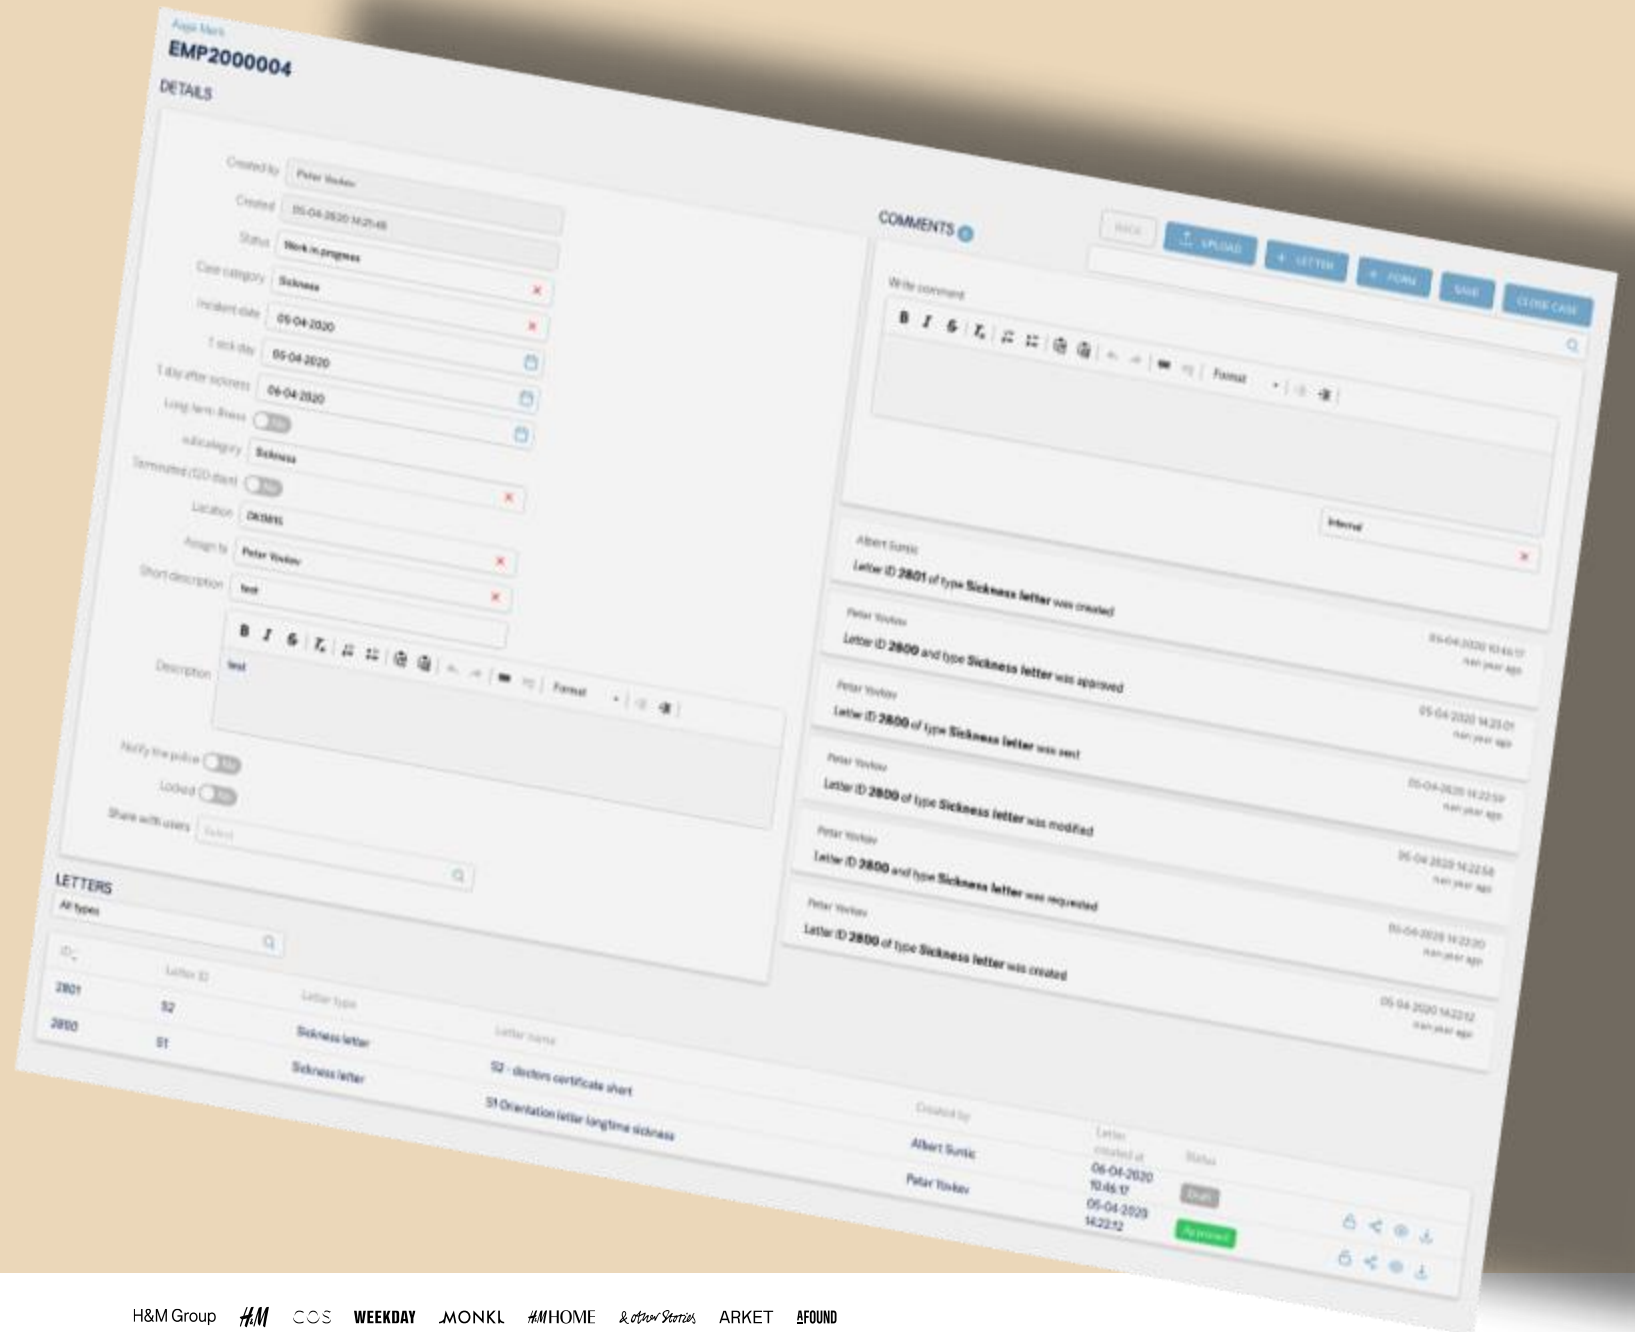

Versions

Version control of templates insure you traceability and no signed and completed documents, gets affected by changes.

create assign share

Collaborate easily with both
colleagues & partners

Manage all employee cases in one
place. Communicate with the
employee or get external
assistance with a case. Create or
upload relevant documents and
don't think twice about GDPR.

case by case

Assign or share

Together we achieve more. Internally or externally, collaborate with others and have everything in one place.

WE CREATED A SOLUTION THAT ENABLES A
HIGH DEGREE OF AUTOMATION

Comment

Internal, employee or external comments, you decide the audient. Send them and get replies right back into the case as comments.

Lock

You can lock individual content, so only you or users with permission can see or access the locked content.

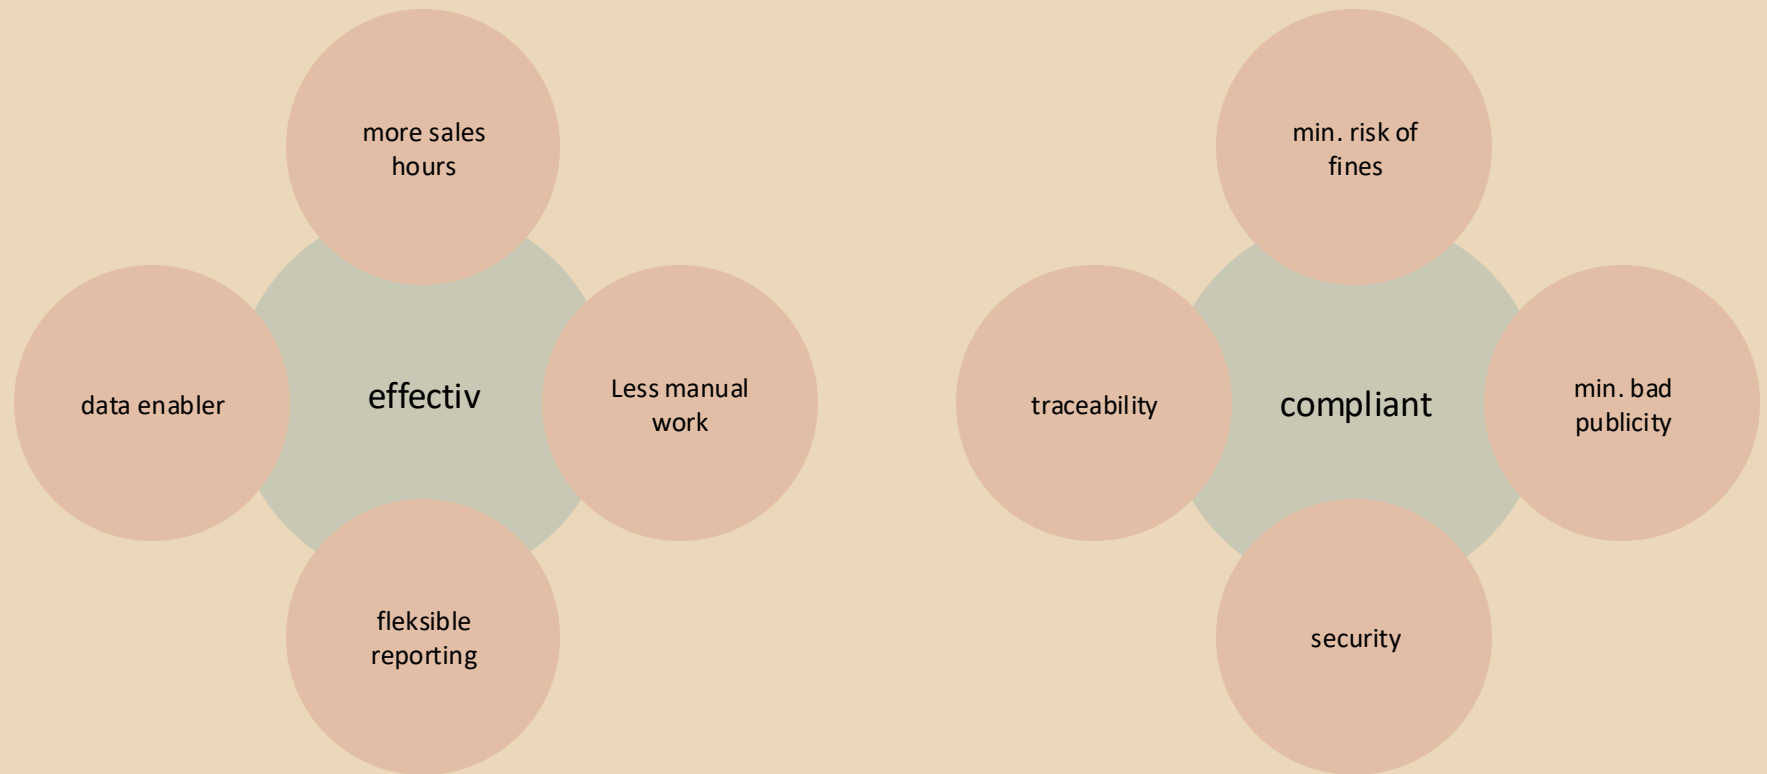

Notification

Don't worry, we will let you know, if there's new activity on your cases or you get assigned to a new one.

History

Use the history as your retrospective tool.

integrate
automate
eliminate

up next shira

We listened and now we
are making it.

This year we have some very exciting
things coming, and we are looking
forward to show it to you.

*shira is the next major version named after one of the three former
volcanic cones of Kilimanjaro

WE ARE COMMITTED TO BUILDING AN
INTUITIVE SOLUTION WITH A **CUSTOMER**
CENTRIC MINDSET. A SOLUTION THAT HELPS
OUR CUSTOMERS SUCCEED

THANKS

For taken the time to read this through. People Connect was invented with a purpose. A purpose of making us GDPR compliant in a modern and effective way. Curious to see and hear more about people connect, reach out to me at mobarak.said@hm.com
